Spot the Bug

TH3 SPACEIO

SPACEIO // SECURE CODE

CAN YOU SPOT THE BUG?

One snippet. One flaw. One clock. Click the vulnerable line, name the flaw, then see the fix, in real code from fintech transfers to mobile banking apps and cloud config.

3 LEVELS

Beginner, Intermediate, Advanced: 60, 45 and 40 seconds a round

60 SNIPPETS

Backend, mobile apps (Kotlin, Flutter) and cloud config (Firebase, Docker, CI, nginx)

OWASP TOP 10 + MOBILE

Twenty flaw types, from SQL injection to open database rules

FREE CERTIFICATE

Score 80% at every level, add it to LinkedIn, check it online

GAME NIGHT Every Friday the game opens to everyone. Play live with the Th3 SpaceIO community at 6pm WAT.

PLAY NOW, IT'S FREE
